Dear Mr. Kellogg:

The Oceanside Area office recently received a letter from your organization in which you outlined an ongoing traffic problem with motorcycles driving recklessly on South Grade Road. In conjunction with the letter and your request we sent Area representatives to a recent community meeting. The exchange of dialogue between both sides was positive and we have been continually addressing your concerns with enforcement efforts on Palomar Mountain.

I appreciate the opportunity to build and strengthen relationships with our community stakeholders and work together in the interest of traffic safety. Our goal is to make California the safest place to live and travel.

Sincerely,

A handwritten signature in blue ink, appearing to read "A. R. Mangan LT, fir".
